The First Amerindian Natives are postulated to have come from Asia through the Bering land bridge between 30,000–12,000 years before the present (BP). These conclusions have been based on cultural, morphological and genetic similarities between American and Asian populations. **Intro {The sun rising for the mountains as the early Native Americans sailed through the Atlantic Ocean. The Indians saw incredible the new land and they discovered as they are surprised, Indian #1" This new land is very incredible. Indian #3 Yes, everything is very precious we will call this new land our home. Outro.**
